Where Baltimore turns for
information and assistance for
older adults and adults with
disabilities

BALTIMORE CITY HEALTH DEPARTMENT

Division of Aging and
CARE Services

Mission and Vision

MAP is a "No Wrong Door" approach that provides older adults and adults with disabilities in Baltimore City with information, referrals, and program support for long-term services.

- We connect callers to trained counselors who are here to:
- Educate you about eligibility for public benefits and subsidies
 - Refer and transfer you to local agencies
 - Provide you with long-term care planning support and options counseling

Information and Referrals
