

On weekdays when there is a Code Red Heat Alert, the City of Baltimore will open Cooling Centers around the city to provide relief from the heat.

Cooling Centers have air-conditioning and offer shade and cold water for citizens in need.

**Transportation**

If you are a senior in need of transportation to a local cooling center, accommodations can be made through CARE’s Taxi Card voucher program. Prior registration is required. See <http://www.caretaxicard.com/>.

**Locations**

Consult the map below to locate the **Cooling Center** nearest you. For assistance, or more information on cooling centers, call 311, or visit: [health.baltimorecity.gov/coderedinfo](http://health.baltimorecity.gov/coderedinfo)

Extreme heat events are the most dangerous weather hazard in the United States contributing to an average of more than 600 reported deaths per year.

**Alerts**

During days of extreme heat, the Baltimore City Health Commissioner will announce a Code Red Heat Alert day.

**Who is at-risk?**

People who are living alone, mentally impaired, unable to travel, poor, homeless, elderly, infants or reluctant to leave pets behind are most at-risk during an extreme heat event.

**911**

Any city resident experiencing the signs of heat exhaustion or heat stroke should call 911.

**Cooling Centers**

**Community Action Partnership Centers**
